

How do I get there?

There is limited parking, so we suggest you take public transport if possible.

Accessibility: the entrance is accessible for wheelchair users and there are a small number of parking bays for drivers with Blue Badges. These are located adjacent to the main hospital building entrance on Bancroft Road.

By bus

The following buses stop close to Mile End Hospital: 25 and 205 on Mile End Road, 309 on Globe Road, 277, 339 and D6 on Grove Road, 8 and D6 on Roman Road and the D7 terminates and commences at Mile End Station. Low-floor wheelchair accessible buses run on all routes serving Mile End Hospital.

By tube

The closest underground station is Stepney Green, an 8 minute walk from Mile End Hospital, served by the District and Hammersmith and City Lines and Mile End underground station is a 13 minute walk, served by the District, Central and Hammersmith and City Lines.

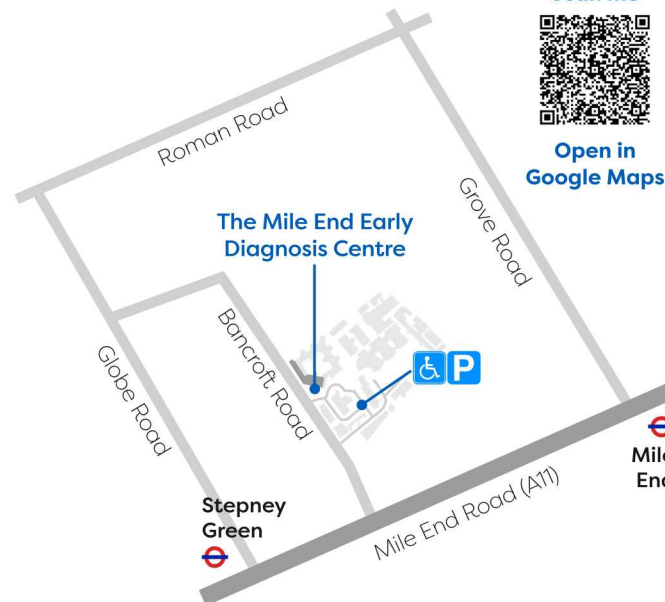

The entrance

To access the centre, you need to turn left as soon as you walk through the main entrance door of the hospital, as shown on the map.

The Mile End Early Diagnosis Centre

is at:
Mile End Hospital,
Bancroft Road
London E1 4DG

Welcome to the Mile End Early Diagnosis Centre

Specialist services for people in north east London

In partnership with:
Barts Health
Barking, Havering and Redbridge University Hospitals
Homerton University Hospital

Designed with input from patients, the centre provides a warm welcome in a relaxing setting to provide all our residents with access to vital health tests. It is set away from any urgent hospital activities and has its own dedicated entrance and reception area.

“Everyone I have encountered today has been very welcoming and friendly. Beth greeted me with a big smile and bubbly personality. Great credit to your team. Thank you everyone for smiles and kind words today”

Why do I need to go?

Finding any issues at an early stage is key, as it means treatment is easier and survival rates are higher. In most cases, tests find that there is no cancer there.

Having these tests helps identify what is going on so that we can provide you with the right treatment. It is really important that you attend your appointment, even if you are feeling fit and healthy. It could save your life.

What should I expect?

The Mile End Early Diagnosis Centre offers patients:

- a calm, welcoming space with private rooms
- covid-safe environment with its own entrance
- appointment-based system which reduces waiting times
- friendly and helpful staff
- modern treatment rooms with expert medical and nursing staff

“Thank you to all the staff involved in my procedure today. You are all doing an amazing job”

“Very good experience, world class care, very clean, very quick no waiting about, probably the best hospital experience I have ever had (including private hospitals)”
